IMPORTANT MASONIC MEETING TONIGHT (SEPT. 23)

All area Masons are reminded of the special District 20 meeting to be held at Bethel Lodge #97 A.F. & A. M. Thursday, Sept. 23 (tonight). There will be a famous "Tink" Brown roast beef banquet served at 6:30 p. m. followed by the special meeting at 7:30 p. m. which will feature the Grand Master of the Grand Lodge of Maine, C. Ross Buzzell and the Grand Secretary, Rt. Wor. Bro. Edwin V. George as speakers. This is the only time the Grand Master will be in the 20th District and everyone should make an effort to attend and meet with him.

CONSTRUCTION UNDERWAY AT SUNDAY RIVER SKI RESORT

Base facilities improvement and expansion have been the major thrust of Sunday River Ski Resort's off-season construction program. The construction of additional South Ridge Condominium units, a 5,500 square foot expansion of the South Ridge Lodge and renovation of the Sunday River Base Lodge are all underway with completion scheduled for mid-November. Combined with last season's expansion on the mountain, a double chairlift, five trails and 20 acres of snowmaking, this year's improvements will provide all the necessary ingredients for the development of a major ski resort at Sunday River.

Along with base facility additions, the Sunday River Skiway Corporation will widen Agony Trail for increased upper level ski terrain and plans to purchase another grooming vehicle. This year's capital investment valued at nearly \$500,000 brings the capital investment at Sunday River over the past two seasons to over \$1,000,000. Sunday River saw a 30% increase in destination vacation business last season and an increase of 10% in day skier traffic. The additional base lodge space and overnight accommodations should allow the ski resort to post gains again this season.

From the Bethel Town Office

Seldom does an issue unite us in a common bond with a single purpose and objective. We can count on our fingers such things as declarations of war, moon landings, and great depressions. However, as evidenced by comments at the proposed cable TV ordinance public hearing on Sept. 13, the cable TV question is gaining stature and may soon rank as a local equivalent to these singular world events. The purpose of this week's column is to provide information concerning developments in efforts to bring cable TV to Bethel.

Citizen comments at the public hearing calling for an affordable, dependable, workable, and responsive system tailored to meet the needs of our community underscored the philosophy adopted early this year by the Board of Selectmen and Planning Board in a two

pronged cable TV implementation plan. Readers will recall that in April an unsolicited proposal was made to the Board of Selectmen by a prospective contractor to bring cable TV to Bethel. On April 26, the Board discussed this proposal and authorized the Planning Board to first-draft an ordinance that would provide a solid frame of reference for dealings on a continuing basis between the Town, acting on behalf of potential cable TV patrons, and possible cable TV vendors. Second, the Planning Board was directed to conduct discussions with the prospective contractor to determine the cable TV company's responsibilities and its ability to honor them and recommend to the Board whether a non-exclusive franchise should be considered.

The proposed cable TV ordinance is solidly on track and the Board will consider enacting it at their Sept. 27 meeting. Details of the negotiations, however, are less well known since they occur in the less glamorous meeting room setting. In successive Sep-

FLU CLINICS TO BE HELD OCTOBER 4 AND OCTOBER 14

As in the past the Bethel Area Health Center is planning two flu clinics for the convenience of the Bethel citizens. One will be held at the Senior Citizens meal site on Oct. 4, 1982 from 1 p. m. to 3 p. m. The other will be held at the Bethel Area Health Center on October 14 from 5 p. m. to 7 p. m. The price will be a minimal charge payable at each clinic site.

People over 65 or those of any age with chronic illness such as heart disease, lung or kidney disease, diabetes, other metabolic diseases or severe chronic anemia are urged to attend for a flu shot.

Some people should check with a doctor before taking the influenza vaccine: (1) Those who have a fever or feel ill with something more serious than a cold. (2) Those who have received another type of vaccine in the past two weeks. (3) Those with allergies to eggs. (4) Those with multiple sclerosis or other persistent neurological illness. (5) Those who are pregnant.

The Northern Oxford County Health Council will provide flu shots for those who are needy.

WATERSHED TIMBER HARVEST PLANNED BY WATER DISTRICT

The Bethel Water District is preparing to invite bids at the end of September for a limited timber harvest on its watershed land this winter. The District joined the Boise Cascade Tree Farm family earlier in the year and has been receiving advice from the company's forester on how to best handle the conditions of tree growth and maturity on the watershed. Presently, a forester is marking trees that are ready to be harvested on a priority basis.

Since last summer, the District's trustees have been concerned, according to a District spokesman, about evidence of infestation on some of the watershed timber stand. It will be this area that will receive first attention for harvesting. Also, Robert Saunders, the District's chairman of the trustees, has, at no expense to the District, reconnoitered the enter area from his airplane to determine if the infestation involved was spreading but found little or no evidence of this happening.

For those logging contractors who may be interested in bidding, the District plans to invite bids in the conventionally accepted manner for timber harvesting contracts. General information can be obtained from Bethel Water District Superintendent Donald Katlin.

ART SHOW AT GOULD TO OPEN SATURDAY

The James B. Owen Art Gallery at Gould will begin its exhibition season with a showing of recent work by artist Karen Eisenberg, a 1978 graduate of Gould Academy. Her work displays a wide variety of mediums and everyone will find the show most interesting. The gallery opens on Alumni Day, Sept. 25, and will continue until Oct. 10. The gallery is open week days from 9 a. m. to 3 p. m. and on week ends from 2 to 4 p. m. All interested people are cordially invited to attend.

Stoneham Knight Riders Meet
The Stoneham Knight Riders met at the fire station, Tuesday night, Sept. 14, for the first meeting of the snowmobile season. There was a small turnout due to a special town meeting.

The club meeting was called to order by President Bill Hunt. The secretary, Jo Sanderson, read the records of the April 13 meeting and also the treasurer's report as the treasurer had to attend the town meeting. Both records were accepted as read.

Under old business, it was reported that the club house was nearly finished; a couple of more windows have to be put in, that will be done after the yard sale and Fryeburg Fair.

President Hunt talked about the bridges in the National Forest excluding Red Rock Basin. We can leave the bridges but we have to

put guide railings on them, especially the one in Red Rock. They want a letter stating we will take care of that right away.

It was voted to have a yard and bake sale instead of the annual auction. The sale will be Sunday, Sept. 26, from 10 a. m. to 2 p. m. at the East Stoneham Fire Station. There will also be refreshments on sale along with other goodies.

Nomination of officers was held, and the following were nominated: President, Bill Hunt; Vice President, Pete Fox; Secretary, Jo Sanderson; Treasurer, Julie Bickford; Head trail master, Don Hunt, with Bob Wyman and Pete Fox as follow up masters. It was voted for all officers to hold that office for two years only. It was suggested to hold election in December instead of September. It was voted to table suggestion until next meeting.

Next meeting is Oct. 12, same place and time. See you all then.

— Olive Davis, Corres. —

Mr. and Mrs. Carl Brooks were in Shelburne at the Windrop Grange Fair and Auction. Carl danced his dolls for the show and Richard Felt attended also and played for the program with Dot Canwell from Oxford. Harold Canwell attended the fair also.

Olive Davis was in Bridgton Saturday where she visited with Mr. and Mrs. Arthur Andrews, Mr. and Mrs. Ernest Harmon of Dover-Foxcroft, and Lillian Harmon. Before the day was done, Mr. and Mrs. Paul Smith and Charity came and Mr. and Mrs. Paul Winkley, Boston, brought Mr. and Mrs. Gary Andrews from Eugene, Ore., to visit his folks for a week. Sharon Hoven and girls came in too in the afternoon and Mark Andrews. It was quite a family gathering.

Richard Felt attended Alder River Grange Saturday night and furnished some music for them.

Sunday, Pastor Thomas Schroer and family and Dr. Peter Schroer and family were in Portland attending the Adventist Conference which is held every three years for Vermont, New Hampshire and Maine. After the election of officers the general business was carried out. Others from here who at-

tended the meeting were Mr. and Mrs. Larrie Wilday, Mrs. Anne Dunham, Mr. and Mrs. Dannie Brown.

Pastor Thomas Schroer spent Monday at Acadia Beach, giving them a change from their rigorous duties.

Mr. and Mrs. Gary Harmon spent Tuesday with their aunt, Olive Davis. They took a tour around the ponds through Bryant Pond area and Greenwood, returning home over Churchill Hill and over Curtis Hill Road.

Sunday, Esther Davis and Olive Davis were in Naples where they took a ride on the mail boat through the Songo Locks. Afterwards they dropped in at Mr. and Mrs. Arthur Andrews' house at Bridgton where they had a lunch before returning home.

What beautiful weather we have had for about a week and Oxford County Fair is surely profiting by it. Esther Davis attended the woodchoppers' day Monday. The weather changed the middle of the week, I guess I spoke too soon.

Esther Davis took dinner with Olive Davis on Tuesday.

Pastor Thomas Schroer was in Berlin a couple of days this week working in that parish.

Marta Clements has been drawn on the jury.

The B.E.A.R.S. held a picnic at Arnie and Mary Brown's on Sunday, Sept. 19. A good time was had by all. The monthly meeting followed.

Jan Whitworth, P. A., from the Health Center, was a guest to discuss how to improve the working relationship between B.E.A.R.S. and the Health Center. It was generally agreed that the first consideration is YOU the general public. The organizations will continue working together in the future to improve their working relationship.

Another cold night after summer's last fling as our calendar has the first day of autumn under the 23rd. Sunday was just a beautiful day weatherwise and the TV gave out that Sunday past and coming up were the best Sundays for foliage trips in Northern Maine. We had quite a lot of much needed rain last week. Saturday afternoon Frank and I drove down to my brother's Daniel Allen and family, Allen Hill, Oxford and had supper. When we arrived home the dooryard had a big puddle which the ducks and geese were splashing in. Tuesday evening, our son Jim, Sue and Heather and Brent Bagley came. Saturday they all went to a Scottish festival in Lincoln, N. H., and went through Kancamagus Highway before coming home. Sunday they again went to the festival where they enjoyed the bagpipes, dancing and games. Jim, Sue and Heather will be moving from North Reading, Mass., Tuesday to South Portland as Jim has employment for L. L. Bean.

Wednesday, Sept. 15, was a rainy day and Aunt Sara, our granddaughter Teresa, and I went to Norway.

Want to get some plums canned today and also some corn. With the boys gone I haven't tried to can so much this year.

Amy Harmon, daughter of Mr. and Mrs. Daniel Harmon, spent Friday night with her friend, Michelle Imman, daughter of Mr. and Mrs. Mike Imman, Albany. All of the Harmon family went to the Youth Soccer game at Telstar and Telstar won. Mary Beth Harmon played. The Harmon family were also harvesting their garden this week end.

Bruce Smith had a birthday dinner at his parents, Mr. and Mrs. Homer Smith Jr. this week end. Douglas Smith also joined them.

Sid Murphy had a vacation last week, and Friday Elaine Hutchins and Sid went to North Conway, N. H., shopping and lunch.

Dean Murphy brought his daughter, August, to his folks, Mr. and Mrs. Frank Murphy, for the day.

Mr. and Mrs. Dean Murphy, Chandra and August, had supper at Mr. and Mrs. Frank Murphy's Sunday.

Jody Shimamura went to Leeds on the week end of Sept. 11, to a horse show. He won three ribbons.

Sept. 13, Jody Shimamura and Joanne Andre went to Leeds to celebrate Frank Andre's birthday.

Ruth and Melinda Mason and Carol Mason went to Oxford County Fair Thursday. Carol won the blue jean contest.

Saturday, Ernest and Alberta Angevine went to Ernest's niece's, Lynn Holt's, wedding, at Berlin, N. H. The reception was held at Town and Country. Sunday, Ernest and Alberta went to an open house for Timberland Machines, Inc., Lancaster, N. H. They had a buffet dinner.

Stanley Wilson and family moved into Scott Bill's place last week.

God Promised
God did not tell me,
Only roses would grow.
That I'd find no sorrow,
On the path I must go.
But He promised to be there
Each step of the way.
Providing a way to escape,
The temptations each day.
His grace all sufficient,
Daily to see me through.
He'd help me to conquer
And be victorious too.

North Paris

— Eveline B. Vatcher, Corres. —

The weather on this Monday morning isn't very promising, as it looks like rain and it is cool outside. The Oxford County Fair is over, so we should have a decent day for a change.

Last week, Joe and Eveline Vatcher thought they would take advantage of the Indian summer weather and celebrate their wedding anniversary a week early. The sun came out for an hour at Bar Harbor on Monday afternoon, but we cooked and ate our lobsters in a roadside rest area. We borrowed Doris Lawrence's portable gas stove, so we had all the comforts of home. I didn't believe that I could eat two lobsters, but I did along with our own home made bread, cakes and tomatoes. No dessert needed. The fog closed in on us and that isn't good for asthma. Our camp spot was nestled in the woods with plenty of cedar, spruce and all, so we had to move to a cottage and we made our own breakfast. On the way to the cottage two fawn came into the road and we thought for a minute that Joe Kalinowski's twin calves had followed us to Bar Harbor. Tuesday we went to St. Stephen, New Brunswick, Can., the birthplace of Eveline's mother, and called on Mr. and Mrs. Walter McKinney and they showed us around. The blueberry fields, Barney Pond etc., and we never saw so many rocks on a road as there were there. The fog lifted after dinner, but it was right back the next morning. We couldn't see anything only fog, so decided that we could look at fog at North Paris, so we came home along the coast and again we cooked lobsters outside. We bought only one meal at a restaurant, and that was quite a change. When I got tired of looking at the fog, I worked on a crossword puzzle. Of course I got a cold. Joe missed his billfold and we went right back where he had been out of the truck and lo and behold there it was on the ground. A big road crew was at work there but none of them had spied it.

Our monthly supper at the hall was very well attended Sept. 18. We did not look for a large crowd with the Fair and suppers in other localities, but we did well, and we thank our many friends for patronizing us. We all enjoy the sociability that goes with the hard work.

Mr. and Mrs. William Bunton, Medford, Mass., spent the week end with their daughter and son-in-law, Mr. and Mrs. David Lyons.

Mr. and Mrs. Herbert Stevens left Sept. 18, for their annual trip

to the Eastern States Exposition and fair held at Springfield, Mass. They will be back Friday, unless they get sick of the fog.

Their sincere sympathy is extended to the family of Mrs. Eva Yates. She was a homemaker and will be greatly missed by all.

Doris Lawrence and Arnold Coffin went to North Bridgton, Sunday morning to call on Raymond Bartlett, a friend that Arnold hasn't seen for over 40 years. He is confined to a wheel chair but he gets around a lot.

Several firemen responded to the High Street fire at the McKeen home Sunday morning. All was destroyed and two firemen were taken off the roof and taken by ambulance to Norway hospital for smoke inhalation.

Mr. and Mrs. Norman Abbott, and Jo-Anne, Mexico, brought Mrs. Abbott's mother, Mrs. Alice Goff, to the supper Saturday night to celebrate her 82nd birthday with her family, Eveline, Doris and Arnold. She was presented a decorated birthday cake and several gifts.

The foliage is beginning to turn in some places and it is beautiful. A trip to Fryeburg Fair usually shows much color on the mountains.

Lois Ellingwood, West Paris, played the old piano during the supper hour at the hall Saturday. The piano has recently been tuned, thanks to a donation from a friend.

Lois is a former resident of North Paris and has rattled the keys many times over the years. It was good to hear it again.

Special news from the "Go Shoes" of Sunday River.

Thank you all for cards, and gifts. For every one gave her a lift.

From all the friends, both far and near.

Your messages were very dear. The "Go Shoes" have been laid to rest.

This writer did her very best. She wrote her thoughts down every day.

That in the paper, she might say "Go Shoes" have been "here, or there."

She wrote each line with special care.

To spread the news, both far and wide.

It traveled o'er the country side. Cards have come from far away saying, they missed what she might say.

It's nice to know that people care, and in their cards were many prayers.

"Go Shoes" would like to thank you all;

Neighbors, relatives, friends and all.

For the Love you sent her way, it made each day, A Special Day!

Special Thanks to the T.E.A.R.S., The Drs. Wadhwa, Nurses at Rumford Hospital, Androscoggin Home Health Center, Bethel Health Center, and all who helped in the care of Eva Yates.

DUNN - TRACY

Thea G. Tracy, daughter of Mr. and Mrs. Theodore R. Tracy, Andover, and Michael Leon Dunn, son of Mr. and Mrs. Leon Dunn, Andover, were united in marriage by candlelight at the First Universalist Church of South Paris, on Friday, July 16, 1982, by Rev. William B. Miller of Norway.

The bride's gown, princess-like in style, was made by her Great Aunt, Frances Johnson of Paris Hill. She carried a silk bouquet of red and white roses. Maid of honor was Tara Tracy, sister of the bride, who wore a dress of delicate floral print, with silky white embroidered edgework. Her bouquet was of blue silk flowers.

These beautiful bouquets were arranged and constructed by the groom's Great Aunt, Polly Farwell of Rumford.

The groom's attendant was Glenn Dunn, brother of the groom. Both groom and best man were attired in white tuxedos.

Soloists Steven Hunt, West Paris, and Margaret Collette, Rumford, cousin of the groom, sang the musical selections "Landslide" and "You Are All I See".

Following the ceremony a reception was held at the American Legion Hall, South Paris, with musical entertainment provided by Mr. Joseph Roy of Rumford. The beautiful wedding cake was made by Mrs. John Swasey of Andover.

Special thanks are extended to Mrs. David Berry and Mrs. Theodore Tracy, mother of the bride, for their creative decorating ideas.

The bride is a graduate of Telstar Regional High School, Bethel, University of Maine at Presque Isle and Beal Business College.

She is employed by Gordon M. Gillies, Esq., of Bethel. The groom is also a graduate of Telstar Regional High School, Bethel and served four years in the United States Navy in the Underwater Construction Unit of the Seabees.

He is now employed by Bancroft Contracting Corporation of South Paris.

(Tri-Town Ambulance & Emergency Rescue Service)

Tri Town Auxiliary is looking for crafts to sell at the American Legion Hall, Christmas in October. The sale will be October 16 from 10 to 3 p. m. at the American Legion Hall in Locke Mills, so make some craft item and donate it to support Tri Town Ambulance.

Tri Town had a good week at the Oxford County fair. Although poor attendance at the beginning of the week made it slow, the end of the week was more successful.

The next Auxiliary meeting is scheduled for Tuesday evening, Oct. 5, at Katherine Hakala's house in Greenwood City.

As the fall weather sets in, watch those wood stoves, making sure the chimneys are cleaned out and free of creosote. No one wants a chimney or house fire this time of year. Be especially careful if you are burning green wood this fall.

TELSTAR WINS IN FRYEBURG

SATURDAY CONTEST

Georgia Gould started the scoring with only 2 minutes left in the first half Saturday to ignite the Rebels.

Fine defensive play contributed to the team's second shutout. Goalie Jodi Seidell had three saves to Wendy Lovejoy's nine.

The Rebel's are now 3-2 on the season and travel to Dixfield Tuesday. Come see Rebel action at home Friday when the Pintos come to town.

Letters to the Editor

18 September 1982

To the Editor:

The author of last week's letter to the Editor described difficulty in obtaining a follow-up appointment at the Bethel Area Health Center, and then asked, "What is the Health Center for?"

I would suggest that the author, "Name Withheld," missed the main point of his own story.

On a Saturday night, "Name Withheld" was able to call the Bethel Area Health Center and to see a provider that same night. He was treated and received medication.

"Name Withheld," in the middle of walking pneumonia, did not have to drive or be driven 30 miles to an emergency room to receive treatment from someone disconnected from him as a person, and unfamiliar with his medical history.

"Name Withheld" could have called the Bethel Area Health Center any one of the 24 hours in any day of the year; someone would have been available to help. This is incredible coverage. Its importance—to adults needing continuing care, to parents of young children, to all of us—cannot be over emphasized.

I am not questioning that "Name Withheld" was frustrated by the problem with his follow-up appointment. I am not suggesting that we ignore Health Center faults. I am suggesting that we turn frustration into constructive criticism.

Quite simply, the Health Center is for us. We will continue to receive its vital services only if we support it. And we will see it improve only if we are willing to take responsibility for it.

Thank you.

To the Editor:

I am nearing the end of my music education degree at U.S.M. and want to invite my friends from the Bethel area to celebrate with me at my voice recital on Oct. 2 at 3 p.m. It will be a musical concert, including fellow music students who will perform, too. It will be in the Newport Room of the Best Western Executive Inn on upper Congress St. in Portland, free admission of course.

Hope to see some of you there. Children are most welcome, by the way.

To the Editor:

Although it doesn't seem much like an election year at this time, with all state and all but one federal office up for grabs, the people of Maine face important political decisions.

In the State Senate race for District 5, which includes Bethel, Gilead, Greenwood, and Woodstock, Alanson "Mickey" Noble, the Republican candidate, certainly stands out. He knows this area and its people having grown up and worked here. Mickey is constantly out meeting people, listening to their concerns, and he has a good grasp of all the issues. He'll make a fine Senator to represent all the people and I hope everyone will support him.

Sincerely,

Alvin L. Barthe

FROM THE TOWN OFFICE

continued from Page One
tember Wednesday evening Planning Board/vendor meetings, negotiations center on system capability, coverage and programming. Costs are studied in connection with each item.

Without becoming too technical, the cable TV system proposed for Bethel will have an initial minimum channel capacity of 52 channels plus FM in the forward direction and four television channels or equivalent loading in the reverse direction. The system will be designed to accommodate addressable converters and power-failure-proof security alarm signals. The reception location for off-air signals, commonly referred to as the Head-End, will be positioned on high terrain in the Town to provide suitable circumstances for positioning receiving antennae towers, electronic processing and test equipment. Received signals will be converted at the Head-End, and transmitted over coaxial cables along telephone/CMP poles into subscribers' homes.

The prospective vendor proposes to offer cable TV service to the Bethel village, Paradise and Vernon Streets out to their mutual intersection, Route 5 for about one mile south of Mill Hill Road, Route 26 to Locke Mills, one mile on the Middle Intervale Road, Mayville as far as the Barn Motel, Route 2 from Bethel village to a half mile past the West Bethel Flat Road, and one mile south on the Flat Road. The proposed coverage is based on the vendor's formula of having a housing density of 20 houses to the mile. Options, and their costs to potential customers for additional coverage are being explored by the Planning Board.

The subject of programming is receiving close attention. A joint Planning Board/vendor plan has been agreed upon for implementation during the next two weeks. The vendor will provide an estimate of his program package capabilities (governed by his equipment, cable and cost limitations) and the Planning Board will conduct a survey of potential customers to determine programming preferences. These two items will be the subject of a future meeting. Watch future issues of the "Citizen" for questionnaires.

The Planning Board and prospective TV vendor will next meet Wednesday, Oct. 6, at 7 p.m. in the Town Office meeting room. This meeting, and all like them, are open to all citizens, who are cordially invited to attend and participate.

MISS FEENEY ANNOUNCED AS SEMI-FINALIST IN MERIT SCHOLARSHIP COMPETITION

The names of about 15,000 semi-finalists in the competition for some 5,000 Merit Scholarships to be awarded in the spring of 1983 have been announced by National Merit Scholarship Corporation (NMSC). These young men and women represent the top half of 1% of each state's high school senior class. Telstar Regional High School is pleased to announce that Miss Mary Beth Feeney, daughter of Mr. and Mrs. Donald Feeney of Bethel, has been selected as a semi-finalist.

Over one million students attending some 18,000 U. S. secondary schools entered the competition by taking the PSAT/NMSQT in 1981 when most of them were juniors. Those designated as semi-finalists are being honored publicly as the highest scorers in their respective states; in addition, they are being identified to colleges and universities in the hope of increasing educational opportunities for these academically able young students.

Semi-finalists have completed the first step in the Merit Scholarship competition, but to be considered further, they must meet additional requirements and advance to final standing. Each semi-finalist who becomes a finalist must be fully endorsed and recommended.

The Board of Selectmen will meet at 7 p.m., Monday, Sept. 27, in the Bethel Savings Bank meeting room. Agenda items will include: specifications for the Town's winter sand for the 1982-83 season; a public hearing to consider issuing victualler's, alcoholic beverage and entertainment licenses to David Thurston d/b/a the Suburb Inn; and consideration of the proposed cable TV ordinance for enactment.

About 90% of the semi-finalists are expected to qualify as finalists and all Merit Scholars will be chosen from among this highly able group of about 13,500.

TELSTAR SOCCER WINS

MONDAY IN OVERTIME

The Telstar varsity soccer team upped its record to 2-3-1 with a come-from-behind overtime win at Winthrop on Monday, Sept. 20.

Winthrop jumped out to a 2-0 lead with goals in the second and third quarters but the Rebels bounced back with two of their own late in the third quarter to tie the score at 2-2.

The first Rebel goal came on a scramble in front of the Winthrop cage and Brian Whitman drove it high into the opponents' net. Then just three minutes later Bruce Bolo converted a pass from Bruce Barth to even the score which remained tied at the end of regulation time.

The final goal came at 2:30 of the first five-minute overtime as Bruce Barth won the scramble for the loose ball.

The Rebels led in shots at goal with 23 (a season high) to 8 for the Winthrop Ramblers. Sophomore goalkeeper Brandon Salway played an aggressive second half and stopped 6 shots on goal while Winthrop goalie Steve Firlotte made 7 saves.

Senior Bryan O'Donnell led the backs with some fine defensive play while sophomore Ken Whitney did an excellent job directing the mid field attack.

The Ladies Aid had a picnic at the Ellis cottage at Roxbury Pond, with 17 members present. Plans are being made for the birthday supper on Saturday, Oct. 23.

A TRIBUTE

To My Mother, Eva Yates

You, as readers of The Bethel Citizen, know my Mother as "Go-Shoes" from the Sunday River column. You know from her writings that she loved to go places, meet and talk with people; liked to eat out; had her own views regarding government and had a quick wit regarding most subjects. She also liked flowers, her favorite being the gladiolas.

But, there are many things you may not know about her that I would like to tell. She was a humble person, honest, and believed all others should be. She had only an 8th grade education. One of her greatest desires as a young student was to be able to go to Gould Academy to high school, but there was not money for tuition. When my brother and I had that opportunity, she was simply elated. She went with me to "sign up" where, once inside the doors, she just drank in everything with such excitement and awe. Her comment was, "if only I", and let it drop there. I knew what she wanted to say, but she felt there was no use reminiscing on something that couldn't be.

She had eight of us children; 4 boys and 4 girls, and loved us all equally. Life was hard and always so busy. We never had electricity until we moved to Bethel in 1946. We were a close knit family, held together by the unspoken love of both Mother and Father and a common bond that we all, according to our ages, had our chores to do and must see that they got done to keep everything going the way it should, or we got reprimanded. She taught us all compassion, honesty, and pride, among many intangible things. She took pride in us and our accomplishments, as well as pride in her own accomplishments. At a very early age, she learned "woman-things" like cooking, mending, butter making, cheese making, both cottage cheese and those old, big round cheddar cheeses that were made and put in a press and then wrapped and ripened and later, sold to buy some of the "staples" such as sugar, molasses, and flour. Many people can attest to the excellent molasses donuts, she made during World War II, when sugar was rationed.

She had an old black book that was referred to as her "bible", when it came to doctoring us sick kids, be it a cut-off thumb requiring a tourniquet, until the patient could get to the doctor, or a bad case of each that had to be identified. That book gave the descriptions, symptoms and treatments. Over the years many of her "home made" remedies worked miracles on several of us. One of my brothers was delivered by Mom. It was cold in February, traveling was bad, the doctor was somewhere else and had to be located (by horse and sled) and upon his final arrival to officiate at the "birthing," the job was all done, the baby was cleaned up and wrapped lying in bed with Mother. Another time when my Father was experiencing agonizing pain from indigestion, my Mother was rubbing his front and back to dislodge "the gas". Dr. Smalley had been sent for but it looked like he would be arriving too late to help. All of a sudden "the gas" let go and curdled milk, in chunks, flew all the way across the kitchen floor. (Father was allergic to milk). By the time the doctor arrived Mom had Papa back in bed, quite comfortable, with the mess all cleaned up. The doctor asked what she did. She replied, "several doses of hot peppermint and a lot of rubbing his stomach and back - then finally a dose of Rawleigh's Red Liniment." She received a very strange look from the doctor when she said "if that hadn't worked I was going to give him an enema of hot peppermint!" This was one example of her sense of humor in a most trying situation to relieve the tension. She was just as adept at "doctoring" the animals, be it a cow, horse, sheep, pig or a big steer with a broken horn. A quart ginger ale bottle was kept on hand for "doctoring" the animals because it "had a good long neck" that you could get down their throats. The usual

thing was a hot dose of Rawleigh's red liniment in side and Rawleigh's white liniment for strains, sprains and lameness in general on the outside, both for animals and humans alike.

Mother fought her battle with cancer in 1950 and had to have a complete mastectomy, but came back and kept smiling. Upon her return for a check-up they discovered she had diabetes. She had been on insulin shots since then. Then came high blood pressure and heart problems; then cataracts and blindness.

She joined the Grange at the age of 16 and always enjoyed doing her share as long as she could. When she couldn't she sat on the side-lines and visited. My Father "babysat" so she could attend the meetings when we were young. I remember her taking me to some special programs but I had to sit out in the cold "ante room" until time for the program. The last meeting she attended was July 22 of this year. She didn't feel good but "hated to miss a meeting," and up until being taken ill just prior to July 6 she would have attended a Grange meeting every night if she could have gotten there. It was the one thing that kept her going after she lost her sight in 1976.

Over the years she wrote some poems; some articles on items of interest, such as the old watering tub in Greenwood and the old oaken bucket and well by "the Charles Stevens place" just above Norway lake where she had many a drink of water when going to Norway with her father as a kid. She wrote for many years for the Advertiser Democrat - frequently about trips that were taken with other members of the family to places she had never seen; Cadillac Mt. in Maine; the Mohawk trail in Massachusetts; places in Connecticut, Rhode Island, etc., and finally Florida, where she and Father spent five winters.

Then she started writing for the Bethel Citizen when she couldn't see well, but had to get her thoughts on paper and away from herself. This became her "duty" in life because she received notes from people all over telling her how much they enjoyed her writings and she felt she owed them a column each week. Thanks to the Bethel Citizen for helping provide this outlet for her; also for creating paper with (wider) black lines so she could see where she was writing. Sometimes the lines weren't dotted or the t's weren't crossed but she wrote from the heart.

Her comment regarding her last illness was "I don't know why I have to get sick now and I'm afraid I won't be able to write for the paper for a while nor go to Grange."

She didn't like doctors or hospitals or "being sick and a nuisance." When she came home by ambulance on Aug. 14 we knew it was a "matter of time," so we kept her home and as comfortable and well cared for as we could. She appreciated it and told us so with hand squeezes, when the strokes she had made it impossible for her to speak any more.

The family wants to thank all her readers, from the bottom of our hearts, for all of the lovely cards and messages sent

FROM THE Bethel Area Health Center

The Bethel Area Health Center opened its doors in 1979. A commitment had been made to the citizens of Bethel and surrounding towns to provide health services for the area. The terrain and the size of the area involved make health services most difficult to provide. With community involvement and hard work by local citizens the health care facility came into being.

Guidelines and principles of practice were established in part by the health council and in part by a telephone survey which was done in order to serve the needs of the public.

The following practices were adopted by this health center as a result of these efforts. We, as health center staff shall function as follows: (1) Determine what is an emergency and provide treatment as necessary. (2) Provide initial or ongoing treatment for most health problems. (3) Provide prompt and appropriate referrals to other doctors when the problems exceed the capability of the center staff.

In the organization of the health center it was determined that the best interests of the area would be served by providing an "appointment" practice rather than a "walk-in" clinic, in order to cut down on waiting room hours, except of course, in emergencies or

Monday: Barbecued meat balls in home made bun, green beans, mixed desserts, bread and butter (optional), milk.

Tuesday: Hamburg gravy, mashed potato, beefs, brownie, bread and peanut butter, milk.

Wednesday: Home made vegetable-beef stew, crackers and cheese, pineapple upside-down cake, mixed breads and butter, milk.

Friday: Tuna salad in home made bun, tomato soup, (Teltar: choice of soup), cheese slice, celery sticks, fruit, milk.

urgent conditions which would be treated as soon as possible.

The staff has received training in determining what is and what is not an emergency. We feel that if we operated on a "walk-in" basis we would have really sick people being obliged to wait their turn while the mildly ill or the healthy patient would be attended to because "it's their turn." We leave appointments open daily which are filled by acutely ill people. Appointments are shifted around as needed to accommodate the really needy and emergency patients first. We try to lessen the fidgety minutes in the waiting room as much as possible.

House calls will be made for patients who are too ill or too handicapped to be transported to the health center. With regard to emergencies, home visits are made at the discretion of the doctor. Of emergency cases are handled better at the health center by the doctor or physician's assistant.

Quality care is what we strive for at the Bethel Area Health Center. We need the cooperation at all times to assist in the accuracy and consistent delivery of health care.

NOTES FROM Evans Notch

White Mountain National Forest

With the passing of Labor Day week end, the high use period for recreation has ended for the year on the Evans Notch Ranger District of the White Mountain National Forest. Overall use in the developed campgrounds was down slightly from last summer. A rainy month of June got the camping season off to a slow start, but July and August provided more suitable conditions for camping.

Fall historically provides some of the finest weather for outdoor activities in Northern New England. Warm days, cool nights, few bugs, and beautiful fall foliage make it a favorite time of the year for many.

Visitors to the Evans Notch District will find all but one campground available for use and few people to compete for prime campsites. Basin Pond Campground was closed the day after Labor Day because of the need to drain and winterize the water system.

Peak fall foliage usually comes around the first week of October,

but this can vary from year to year depending on weather conditions. We ask that visitors to the National Forest use extra care while driving and viewing the beautiful fall colors. Keep in mind that there is apt to be heavy traffic on narrow Forest roads.

Congress recently authorized funding for the Senior Community Service Employment Program. We are planning to continue the program on the District while awaiting final direction on funding. With the end of the recreation season, emphasis for work at the District switches to timber. Preparation of timber sales to be sold this fall, in 1983, and 1984 has begun and will continue through the winter months.

Free permits for firewood are available at the Evans Notch Ranger District office on Bridge Street in Bethel for those still searching for fuelwood for the cold months ahead. Availability of wood is limited, but District personnel can direct you to some potential areas.

The District is accepting bids for snowplowing of the parking lot at the Ranger Station and for janitorial work for the office building. Anyone interested should visit or telephone before September 24.

Greenwood City

— Mrs. Colista Morgan, Corres. —

This morning the chill of September's night has carried over into daylight. The air was crisp and inviting. I went for a walk at eight just to breathe the freshness.

Near the edge of the road I lifted a stone to see what might be living under it. There were ants that scurried every which way, tiny crickets jumping toward the grass and two large ones which seemed undisturbed except for the waving of their antennae at me. One old fat slug just stayed still. I'm sure it wished the cool damp cover would fall into place again.

As I stood looking down the crinkled wing of one cricket lifted once to make a chirp. This must have been the male for he makes his deep-breep, not with a voice but by rubbing his front wings together. These wings have what is called a file and a scraper. At this time of year we hear them from fields, walls, and many other places. Their chorus in fall is singly and cheerfully edged by melancholy. They try hard to hold to a slender thread from the end of this summer until the beginning of next.

Back home I was busy all forenoon canning pickles. The warmth of afternoon found me again hiking up toward Noyes Mountain.

I found the burs ripening. In places there are many kinds and if you walk among them for even five minutes, you will be busy for some time plucking them from your clothes. I had no intention of walking through them.

Among all the paths which I follow in this section I have one favorite. Everywhere along the way there are little detours, old friends among the trees.

Along the base of a ridge it is coolest in summer and coldest in winter. Above the path the ridge is carpeted with Christmas ferns which remain green all winter.

On higher land I could see the soft blue haze hovering over the fields. Gray banners of smoke spiraled upwards from chimneys and drifted away to nothingness.

Standing high, here, I could see the coming glory of autumn. With this loveliness and peace resting over all the valley it was hard to believe there is so much conflict in the world.

ARCHAEOLOGICAL EXHIBIT AT GOULD

"Maine, the First 10,000 Years" is an archaeological exhibit prepared by the Maine State Museum in Augusta and is on display for all to see. The exhibit, which consists of 12 panels, is located along the walls of the ramp leading to Gould's Library in Hanscom Hall and is open to the public from 8 a.m. to 5 p.m. daily.

Included in the exhibit are artifacts representing the major Indian cultures that existed in Maine from just after the disappearance of the continental glaciers to just before the arrival of Europeans in 1600. The accompanying text and photographs describe the life of the archaic, the red paint, and the ceramic phases of human habitation and the Turner Farm near North Haven is used to illustrate archaeological techniques. The display will appeal to all ages and the public is cordially invited to Gould to see the exhibit.

A DEATH EVERY 47 HOURS ON MAINE HIGHWAYS

A fatal accident occurred on Maine roads every 47 hours last year, according to the Maine State Police.

"Summer here in vacationland means an increase in traffic with a potential increase in fatal accidents, thus, each of us—as motor vehicle operator or pedestrian—must make a maximum effort to use courtesy, good judgement and obey the traffic rules so that we don't contribute to or become a part of needless death statistics," said Col. Allan H. Weeks, chief of the Maine State Police.

Col. Weeks said the Traffic Division compiled 1981 traffic accident information into the following time clock averages: One reportable accident occurs on Maine roads every 19.5 minutes, one person is injured in a motor vehicle crash every 41 minutes, and one person dies from a fatal accident every 41.5 hours.

In addition, the state police statistics indicate most traffic accidents occur between two and four p.m. daily, with the highest incidence on Friday. The majority of traffic fatalities take place on Saturday; however, 10 p.m. Friday through 2 a.m. Saturday is the most hazardous time period during the week for a fatal accident occurrence.

THIS WEEK AT THE Moses Mason House

This will be a new column devoted to news of the Bethel Historical Society and the Moses Mason Museum. With over 500 members and an extremely active schedule the Society has now grown to the extent that a weekly column seems more than justified.

Perhaps in this first column it might be well to explain what the Bethel Historical Society is. Organized as a non-profit educational corporation in 1971 the Society is devoted to the cause of preserving and interpreting the local past. That local past is defined as Western Maine (Oxford County) and portions of the White Mountains. The Society's collections housed in the Moses Mason House since 1974 now number thousands of artifacts, photographs, post cards, diaries, account books, maps, and memorabilia relating to this area. With an annual budget of \$30,000 derived largely from endowment, museum store sales, museum admission fees, donations and membership dues, the Society is also currently receiving funds to carry on the Oxford County Historic Resource Survey with a grant from the Maine Historic Preservation Commission. It has in the past received federal and state grants as well as those from private sources but receives no funds from the Town of Bethel.

The Society has to date a full time director (Stan Howe), a part time bookkeeper (Louise Lincoln) and a part-time maintenance person (Jim Haskell). The rest of the Society's many programs and operations depend entirely upon generosity of volunteers. There are over 200 persons who do at least one job each year for the Society and many work on a regular basis.

The activities of the Society include exhibits, publications (including the newsletter "The Bethel Courier"), special events, school programs, monthly meetings and the operations of the Moses Mason Museum. The headquarters of the Society is at the restored Moses Mason House which includes a period house museum, meeting room, exhibit areas, office and archives (Eva Bean Research Room). Governing the Society is a nine member Board of Trustees which includes the four officers: President Donald G. Bennett, Vice President Alden Kennett, Secretary Mary C. Keniston, Treasurer Margaret Joy Tibbitts plus five trustees: Helen Morton, Ronald Snyder, Cathy Newell, Edith Edy and William Wight. Much of the work of the Society takes place through an active committee system with some dozen committees involving over 100 persons.

HUMAN INTERACTION SKILLS AND COMMUNITY CHORUS START MONDAY, SEPT. 27

The S.A.D. 44 Adult and Community Education program will offer a new course, starting on Monday, Sept. 27, in Human Interaction Skills. This course, to be taught by Phyllis Dock at Telstar Regional High School will cover the effective human interaction skills which are necessary in personal, social and business relationships; skills which can be learned. During the nine week session, each student will identify the strengths and weaknesses in their current interaction skills, and work to increase understanding of the theory and practical application of skill development in their work or home environment. Background material for the course will be provided from many sources, and students will be asked to maintain a weekly journal. Mrs. Dock stresses the importance of making a firm commitment to class attendance throughout the term. To enroll in Human Interaction Skills, phone the Adult and Community Education office, 824-2136.

The popular Adult and Community Education Chorus will also begin its fall term on Monday, Sept. 27, under the direction of Susan Mitchell. The Chorus meets from 7-9 in the Telstar Auditorium. Anyone who would like to sing with a group, regardless of experience, is welcome to join. To enroll, call Adult and Community Education, 824-2136.

BETHEL RESIDENT MAY BE OLDEST ALUMNA OF STANDISH HIGH SCHOOL

(Reprinted from the Courier Free Press, North Windham, Aug. 10, 1982)

Mrs. Alma Cook Thurston of Bethel, 94 years old in October, vividly recalls events relative to her high school days at Standish High School; especially the three-and-one-half mile walk from her home on the Saco Road in South Standish to the Old Red Church in the village.

The second floor of the church was the school area. Each student had a seat made, as the seats and desks were double and both were tightly screwed to the floor. Each individual had to purchase his textbook for each course, until the third year, when the town finally paid for them.

Mrs. Thurston's diploma states that she completed the classical course and was entitled to "honorable graduation" on June 26, 1908. It was signed by Superintendent J. M. Hill and Principal F. B. Usher. Her salutatory address was "Indian Legends."

Her favorite teacher was Mrs. Mona Hartford of the village, with whom he boarded in the winter. The roads then were not plowed but pulled by a large wooden roller drawn by two or four horses or oxen, making walking very difficult.

In 1958 the Alumni Association dinner honored five of the six then living members of the class of 1908, and one teacher, Mrs. Hartford. This was a well remembered reunion and full of high humor of memories of 50 years ago.

Following high school graduation, Mrs. Thurston went into training and graduated three years later from the Maine General Hospital of Portland as a registered nurse, with memories of long hours in the large wards. Morphine was the chief quieter of patients, and she recalls episodes of kitchen raids by the "midnight watchers,"—the student nurses.

She married Hugh D. Thurston, a lumber mill operator from Bethel, and had two sons who served in World War II (one in the Army Air Corps and the other in the Marine Corps). She now has three grandchildren and two great grandchildren.

Mrs. Thurston presently lives in her younger son's home in Bethel, recovering from a broken pelvis, but still alert and full of humor, enjoying visits by relatives and friends.

people from Bethel, Locke Mills and Bryant Pond enjoyed a tour of three of Portland's National Historic Landmarks: Victoria Mansion (1859), Neal Dow House (1829), and the Tate House (1775). Sponsored by Adult and Community Education of S.A.D. 44 in cooperation with the Society, the tour was the first of what is hoped will be a series of excursions to see Maine's rich heritage.

A major undertaking this week at the Moses Mason Museum was the transfer of several display cases and related equipment to the Moses Mason Museum from the Maine State Museum in Augusta. The State Museum is changing its exhibits area and offered these materials to historical societies and museums throughout the state.

An important donation to the Society this week was a collection of posters, photographs and musical scores relating to the life and work of William Rogers Chapman, the gift of Dorothy Gregory of Travet, Maine.

The Genealogical Committee of the Society will meet Tuesday, Sept. 28 at 7:30 p.m. in the Eva Bean Research Room. All members are urged to attend.

Mr. and Mrs. Donald Brown visited Mr. and Mrs. Robert Greenleaf and family in North Scituate, R. I., last week end.

Mrs. Marjorie Von Zinti is a patient at Stephens Memorial Hospital, Norway, and is expected to remain there a few more days.
